

A — N — N — U — A — L INDEX

This index reflects material appearing in the 1991 issues of **RN**. Articles are listed alphabetically. Each entry gives the title, issue, and page number on which the article be-

gins. Articles from "Legally Speaking," "Nutrition Support," "Patient's Advocate," "Sound Off!," and "Taking Charge," are entered by subject.

AIDS

AIDS drug update: DDI and DDC. Nov:41
Letting grief out of the closet. May:23
Nutrition and HIV: What to tell your patients. Apr:73
Starting life with HIV. Jan:54
We teach all our patients about AIDS. Nov:17

CARDIOLOGY/CARDIOVASCULAR SYSTEM

A non-specialist's guide to the CCU. Jan:50
Arrhythmia review:
Premature atrial contractions. June:38
Wandering atrial pacemaker. Sept:36
CAD and vitamin C. May:71
Cardiac assessment. Dec:28
Chest trauma. May:28
Drugs that dissolve clots. June:52
Elevated cholesterol: A nurse's guide to drug therapy. Aug:26
Filters that trap emboli. Sept:56
High-tech help for failing hearts. May:42
Hypertension:
First-line drug therapy. Jan:32
Step-care management. Feb:24
Hypotension: The other side of the coin. Mar:38
Interpreting ABGs. Mar:42
Managing a failing heart. Aug:46
Patient teaching for X-ray and other diagnostics:
Cardiac catheterization. Feb:45
Dipyridamole thallium stress test. Mar:35
Stress test and thallium stress test. Mar:33
PTCA: Treating the tough cases. Feb:38
Pulmonary artery catheters do more than ever. May:46
Pulmonary embolism: Preventing a disaster. Sept:52
Stents keep occluded vessels open. Mar:50
When your patient needs a stress test. Mar:26

CARE PLANS

RN Master Care Plan: The patient with pancreatic cancer. Sept:43

CAREER DEVELOPMENT

A teaching method that makes nurses ask for more. July:18
Finding the BSN program for you. Feb:34
How hard will it be to get your BSN? Feb:32
Mentoring: Nurses helping nurses. Apr:21
1991 earnings survey:
Is your benefit package all it could be? Nov:56
Nurses are worth more than ever. Oct:50

One way up:

In tandem with a doctor. Dec:53
Join the Navy. Apr:55
Practice makes perfect. Oct:19

CHARTING

How to make care plans work for you. Aug:19
Physical assessment: Perfecting the art
Cardiac assessment. Dec:28
Physical assessment begins with a history. Nov:26
The physical exam. Nov:34
What do the new JCAHO standards mean for you? June:42

CRITICAL CARE

A non-specialist's guide to the CCU. Jan:50
Arrhythmia review: Wandering atrial pacemaker. Sept:36
Drugs that dissolve clots. June:52
Head trauma: Guidelines for care. Apr:26
Leeches: When bleeding is exactly what you want. Sept:31
PTCA: Treating the tough cases. Feb:38
Pulmonary artery catheters do more than ever. May:46
Traumatic amputation. Sept:26
When to suspect septic shock. Oct:32

DEATH

Advance directives—what the new law means for you. Nov:63
After CRUZAN: The right to die. Jan:65
Finding the right words. Nov:66
How fluid deprivation affects the terminally ill. Jan:73
Letting grief out of the closet. May:23
When the patient doesn't want to be resuscitated. Feb:65
Where do you stand on euthanasia? Apr:38

DISEASE

(see also AIDS, Oncology)

Asthma—The danger is real. Apr:58
Diabetes: What to teach parents and child. Jan:23
Flu vaccine: Give it, get it. Oct:58
Measles: An infection control nightmare. June:26

Myasthenic crisis—your assessment counts.

May:54
We teach all our patients about AIDS. Nov:17
What's wrong with this patient? IgA deficiency. Sept:47
When the Dx is Crohn's disease. Feb:52
When the patient has an ulcer. Nov:44

DRUGS

AIDS drug update: DDI and DDC. Nov:41
BRMs: New drug therapy comes of age. Oct:42
Diet therapy helps this drug work better. Feb:71
Drugs that dissolve clots. June:52
Elevated cholesterol: A nurse's guide to drug therapy. Aug:26
FDA approvals: New drugs, new uses. Mar:61
Five "rights" equal 0 errors. June:65
Hypertension:
First-line drug therapy. Jan:32
Step-care management. Feb:24
Managing a failing heart. Aug:46
Nursing the mind:
Fighting the battle against drugs. Apr:44
Newborn victims of addiction. Apr:47
When the patient has an ulcer. Nov:44

EDUCATION

A teaching method that makes nurses ask for more. July:18
A teaching tool to explain ventilation. May:39
Finding the BSN program for you. Feb:34
How hard will it be to get your BSN? Feb:32

EMERGENCIES

Leeches: When bleeding is exactly what you want. Sept:31
Making the ED waiting game a little easier to play. Jan:19
Trauma care:
Abdominal trauma. June:30
Chest trauma. May:28
Head trauma: Guidelines for care. Apr:26
Pediatric trauma: When kids get hurt. Aug:32
Pelvic trauma. July:50
Traumatic amputation. Sept:26
Would you recognize this toxic emergency? Jan:26

ENDOCRINE SYSTEM

RN Master Care Plan: The patient with pancreatic cancer. Sept:43

ANNUAL INDEX

When the diagnosis is pancreatic cancer. Sept:38

EQUIPMENT

Arrhythmia review:

Premature atrial contractions. June:38
Wandering atrial pacemaker. Sept:36
A simple way to treat simple pneumothorax. Dec:50

A teaching tool to explain ventilation. May:39
Filters that trap emboli. Sept:56
High-tech help for failing hearts. May:42
Pulmonary artery catheters do more than ever. May:46
Stents keep occluded vessels open. Mar:50
What's new in chest-tube management. May:34
Why can't your patient hear you? Jan:46
Working with ICP monitors. Apr:34

ETHICS

Advance directives—what the new law means for you. Nov:63
After *CRUZAN*: The right to die. Jan:65
Finding the right words. Nov:66
How fluid deprivation affects the terminally ill. Jan:73
Rx for spiritual distress. Mar:22
When ethics and orders conflict. Sept:61
When the patient doesn't want to be resuscitated. Feb:65
Where do you stand on euthanasia? Apr:38

EYES, EARS, NOSE, AND THROAT

On carrots and cataracts. June:69
Why can't your patient hear you? Jan:46

FAMILY

Diabetes: What to teach parents and child. Jan:23
Letting grief out of the closet. May:23
Pediatric IV therapy:
Soothing the patient. Dec:40
Starting the line. Dec:43
When even the best isn't good enough. Oct:23

FLUID IMBALANCE

Computing the anion gap. July:30
How fluid deprivation affects the terminally ill. Jan:73

GASTROINTESTINAL

Low-fat diet, lower risk of colorectal cancer. Sept:71
When the diagnosis is pancreatic cancer. Sept:38
When the Dx is Crohn's disease. Feb:52
When the patient has an ulcer. Nov:44

GENITOURINARY

Abdominal trauma. June:30
BPH: Treating older men's most common problem. July:32
Pelvic trauma. July:50

GERIATRICS

BPH: Treating older men's most common problem. July:32
Flu vaccine: Give it, get it. Oct:58

Hypertension:

First-line drug therapy. Jan:32
Step-care management. Feb:24
Hypotension: The other side of the coin. Mar:38
Margaret is old, bedridden, alone—and happy. June:23
We're first-class nurses, not second-class citizens. Nov:108

HEMATOLOGY

Computing the anion gap. July:30
Helping cancer patients fight infection. July:24
Washing the blood. May:60
Would you recognize this toxic emergency? Jan:26
Your patient's anemic—but the problem isn't iron. July:61

HOME CARE

Getting high-risk infants out of the hospital. June:58
Helping patients dress for success. Aug:43
Margaret is old, bedridden, alone—and happy. June:23

HOSPITALS

Across the OR table. Feb:48
A problem homeless patients may not mention. Nov:53
Bedside testing: New requirements from the JCAHO. June:19
Is this the ideal hospital? July:46
Let's not be snobs about U.S. health care. June:104
Measles: An infection control nightmare. June:26
Protection or discrimination? A new ruling. July:56
What do the new JCAHO standards mean for you? June:42

INFECTIONS

Flu vaccine: Give it, get it. Oct:58
Helping cancer patients fight infection. July:24
Measles: An infection control nightmare. June:26
Vitamins, minerals, and the common cold. Dec:71
When to suspect septic shock. Oct:32

IV THERAPY

Pediatric IV therapy:
Soothing the patient. Dec:40
Starting the line. Dec:43

LEGAL

Advance directives—what the new law means for you. Nov:63
After *CRUZAN*: The right to die. Jan:65
Expect to hear about unions. Oct:67
Finding the right words. Nov:66
Five "rights" equal 0 errors. June:65
Giving a deposition? Don't be caught off guard. Mar:69
How long after an injury can a patient sue? May:67
If you're asked to be an expert witness. Dec:65
New rights for the disabled will affect you. Apr:65

Protection or discrimination? A new ruling. July:56
When ethics and orders conflict. Sept:61
When the patient doesn't want to be resuscitated. Feb:65
Your role in informed consent. Aug:55

MANAGEMENT

Bedside testing: New requirements from the JCAHO. June:19
How to make care plans work for you. Aug:19
Is this the ideal hospital? July:46
Making the ED waiting game a little easier to play. Jan:19
Our HMO offers more than medical care. Sept:17
Our simple system keeps newborns safe. May:17
Outpatient procedures: A little education goes a long way. Feb:19
Practice makes perfect. Oct:19
We teach all our patients about AIDS. Nov:17
When our patients get up is our decision. Mar:19
When your supervisor hands you the reins. Dec:21

NEUROLOGY

Assessing headache pain. Oct:26
Diet therapy helps this drug work better. Feb:71
Head trauma: Guidelines for care. Apr:26
Myasthenic crisis—your assessment counts. May:54
When you're asked about carpal tunnel syndrome. July:40
Working with ICP monitors. Apr:34
Your patient's anemic—but the problem isn't iron. July:61

NUTRITION

Becoming a vegetarian: The risks and the benefits. Mar:73
CAD and vitamin C. May:71
Diet therapy helps this drug work better. Feb:71
Fertility and diet. Oct:73
Low-fat diet, lower risk of colorectal cancer. Sept:71
Nursing the mind: Assessing your patient's diet. Jan:60
Nutrition and HIV: What to tell your patients. Apr:73
On carrots and cataracts. June:69
Pressure ulcer update. Dec:56
Surgery, stress, and metabolism. Aug:63
The low-fat approach to weight loss. Nov:69
Vitamins, minerals, and the common cold. Dec:71
Your patient's anemic—but the problem isn't iron. July:61

OBSTETRICS-GYNECOLOGY

Fertility and diet. Oct:73
Nursing the mind: Newborn victims of addiction. Apr:47
Our simple system keeps newborns safe. May:17
The best fetal monitor? Maybe it's you. Dec:25
When to suspect ectopic pregnancy. Aug:22

ANNUAL INDEX

ONCOLOGY

BRMs: New drug therapy comes of age. Oct:42
Helping cancer patients fight infection. July:24
Low-fat diet, lower risk of colorectal cancer. Sept:71
RN Master Care Plan: The patient with pancreatic cancer. Sept:43
When the diagnosis is pancreatic cancer. Sept:38

ORTHOPEDICS

A problem homeless patients may not mention. Nov:53
Back up and wait. June:49
Leeches: When bleeding is exactly what you want. Sept:31
Pelvic trauma. July:50
Traumatic amputation. Sept:26

PAIN

Assessing headache pain. Oct:26
Back up and wait. June:49
How fluid deprivation affects the terminally ill. Jan:73
Relaxation therapy works. Aug:40

PATIENTS

Adding insult to injury. Sept:21
Advance directives—what the new law means for you. Nov:63
A problem homeless patients may not mention. Nov:53
Easy Street makes living easier. Nov:21
Finding the right words. Nov:66
Helping patients dress for success. Aug:43
Making the ED waiting game a little easier to play. Jan:19
Relaxation therapy works. Aug:40
Rx for spiritual distress. Mar:22
When our patients get up is our decision. Mar:19

PATIENT TEACHING

Diabetes: What to teach parents and child. Jan:23
Easy Street makes living easier. Nov:21
Facts to refute seat-belt myths. June:34
Outpatient procedures: A little education goes a long way. Feb:19
Patient teaching for X-ray and other diagnostics: Cardiac catheterization. Feb:45
Dipyridamole thallium stress test. Mar:35
Stress test and thallium stress test. Mar:33
The best fetal monitor? Maybe it's you. Dec:25
We teach all our patients about AIDS. Nov:17
What if it were your breast? July:21
When your patient needs a stress test. Mar:26

PEDIATRICS

Diabetes: What to teach parents and child. Jan:23
Getting high-risk infants out of the hospital. June:58
Nursing the mind:
Newborn victims of addiction. Apr:47
Working with troubled teens. Feb:58
Our simple system keeps newborns safe. May:17

Pediatric IV therapy:
Soothing the patient. Dec:40
Starting the line. Dec:43
Pediatric trauma: When kids get hurt. Aug:32
Starting life with HIV. Jan:54
When even the best isn't good enough. Oct:23

PHYSICAL ASSESSMENT

Physical assessment: Perfecting the art
Cardiac assessment. Dec:28
Physical assessment begins with a history. Nov:26
The physical exam. Nov:34

PROCEDURES

Are we using too much Betadine? July:43
Back up and wait. June:49
Pediatric IV therapy: Starting the line. Dec:43
Physical assessment: Perfecting the art
Cardiac assessment. Dec:28
Physical assessment begins with a history. Nov:26
The physical exam. Nov:34
Pressure ulcer update. Dec:56
Washing the blood. May:60

PROFESSIONAL ISSUES

Across the OR table. Feb:48
A spring we won't forget. July:112
Codependency taints nursing's goals. Apr:132
Coming back to American nursing. Feb:112
Expect to hear about unions. Oct:67
Finding the BSN program for you. Feb:34
How hard will it be to get your BSN? Feb:32
Let's not be snobs about U.S. health care. June:104
Mentoring: Nurses helping nurses. Apr:21
1991 earnings survey:
Is your benefit package all it could be? Nov:56
Nurses are worth more than ever. Oct:50
Nurses in the Gulf. Oct:38
One way up:
In tandem with a doctor. Dec:53
Join the Navy. Apr:55
Our HMO offers more than medical care. Sept:17
RN pins down nursing history. Dec:36
Taskmaster, tutor: To yesterday's nurse. May:52
TV nurses: Sexy, deferential—and phony. Aug:104
We're first-class nurses, not second-class citizens. Nov:108
What do the new JCAHO standards mean for you? June:42
What if it were your breast? July:21
When our patients get up is our decision. Mar:19

PSYCHIATRY

Codependency taints nursing's goals. Apr:132
Nursing the mind:
Assessing your patient's diet. Jan:60
Fighting the battle against drugs. Apr:44
Newborn victims of addiction. Apr:47
Recognizing post-traumatic stress. Mar:56

Working with troubled teens. Feb:58
Pediatric IV therapy: Soothing the patient. Dec:40
Relaxation therapy works. Aug:40

RESPIRATORY

A simple way to treat simple pneumothorax. Dec:50
Asthma—The danger is real. Apr:58
Chest trauma. May:28
Getting high-risk infants out of the hospital. June:58
Interpreting ABGs. Mar:42
Pulmonary embolism: Preventing a disaster. Sept:52
Vitamins, minerals, and the common cold. Dec:71
What's new in chest-tube management. May:34
Would you recognize this toxic emergency? Jan:26

SEX

Fertility and diet. Oct:73
Protection or discrimination? A new ruling. July:56

STAFFING

A non-specialist's guide to the CCU. Jan:50
Is this the ideal hospital? July:46
When your supervisor hands you the reins. Dec:21

SURGERY

Across the OR table. Feb:48
BPH: Treating older men's most common problem. July:32
Surgery, stress, and metabolism. Aug:63
When you're asked about carpal tunnel syndrome. July:40

SURVEYS

Across the OR table. Feb:48
1991 earnings survey:
Is your benefit package all it could be? Nov:56
Nurses are worth more than ever. Oct:50

TESTS

Bedside testing: New requirements from the JCAHO. June:19
Interpreting ABGs. Mar:42
Patient teaching for X-ray and other diagnostics: Cardiac catheterization. Feb:45
Dipyridamole thallium stress test. Mar:35
Stress test and thallium stress test. Mar:33
When your patient needs a stress test. Mar:26

TUBES AND DRAINS

A simple way to treat simple pneumothorax. Dec:50
What's new in chest-tube management. May:34

WOUNDS AND INJURIES

Are we using too much Betadine? July:43
Pressure ulcer update. Dec:56
Trauma care:
Abdominal trauma. June:30
Chest trauma. May:28

ANNUAL INDEX

Head trauma: Guidelines for care. Apr:26
 Pediatric trauma: When kids get hurt. Aug:32
 Pelvic trauma. July:50
 Traumatic amputation. Sept:26
 We've organized our approach to pressure sores.
 Jan:42
